Extraction Methods, Technology, and Cannabis Products

The science is green, and so is your magazine:
Printed six times per year with soy-based ink on recycled paper.

Introduction / About

Concentrates are rapidly changing the cannabis marketplace, fueling the rapid growth and artisanal product development across the United States, and soon, the world. This growth comes with corresponding changes in the requirements for ensuring product safety, methodical and technological advances, and lots of jargon.

Extraction Magazine captures the essence of this symbiotic growth and change. Each segment of the cannabis extraction industry now has a voice through this dedicated and dynamic publication.

The momentous popularity of cannabis concentrates are fueling continued research into effective modes of dissecting the chemical compounds of the plant. Keeping extractions safe and legal, however, requires healthy, happy plants and analytically tested, clean end products. These three segments are constantly interwoven in every state and country that is exploring the overdue legalization of cannabis.

Extraction Magazine is focused on keeping the consumer and the manufacturer informed on the current pulse of cannabis extraction science and technology, and what's ahead on the frontier.

Over half a million readers regularly visit our website to read online blogs for relevant news and digestible explanations of the methods, equipment, and technologies fueling the industry. Readers can also subscribe to our bi-monthly print and digital magazine that takes a deeper dive into botanical and cannabis science, as told by leading experts in the industry.

Extraction Magazine is the cannabis industry's relevant news source for satisfying the curious mind.

Extraction Magazine delivers analysis and insight into the technical and cultural aspects of the cannabis extraction industry. This publication explores the entire spectrum of methods and products created from the cannabis plant.

Opening a line of communication between consumers and the artisanal professionals designing the products they desire, we combine primary source reporting with curated content that provides insight into the paths used for isolating therapeutic molecules that fuel the development of safe, ethical cannabis medicine.

Contributors range from experts in these fields to valued journalists in the industry to provide an objective curation of specialized knowledge and educated opinion.

Subscribers will journey alongside our team into the complex and inspiring infrastructure creating their medicine, experiencing this world through international news stories, feature articles, and cultural nuggets displayed across the pages of each carefully designed issue. These topics chronicle the key trends, significant issues, and innovative science and technology that most influence executives, manufacturers, and researchers in these fields, as well as the cannabis consumer, of course.

Published bi-monthly, ***Extraction Magazine*** is written by industry professionals whose livelihoods depend upon the success and growth of our industry. The edgy and passionate content, however, is written such that anyone, regardless of technical prowess, can extract enjoyment and an education from each magazine.

A novel and needed nucleus, ***Extraction Magazine*** offers a carefully constructed conduit of information regarding the sizeable cannabis extraction community.

Welcome to your world – let expand it together.

Readership

The science of information is our business.

The rapid evolution of the methods for extracting terpenes and cannabinoids from the cannabis plant, and the methods needed for ensuring that safe, ethically-designed products are brought to market means that everyone comprising the cannabis community has one over-arching thing in common: they are too busy to chase needed information.

Extraction Magazine offers the critical information needed to help cannabis industry professionals and consumers learn, grow and thrive.

Markets

Extraction Magazine is a MACE integrated media company that collects critical data relevant to the cannabis science community. Our mission is to venture out onto the frontier, and report what we and other industry leaders have found, converting complex science and technology into digestible stories that help industry professionals and consumers understand, learn, and grow.

For Our Premier Advertising Partners

To show our loyalty to our long term Partners, we are offering a print feature when a 6-month insertion commitment is signed. This feature will be published sometime during that insertion term and will also be featured online.

For those Partners that commit to a 3-month insertion, we will do an online feature article on our blog which will include backlinks to your site to promote SEO for your product/service. Currently, our website receives greater than half a million visitors per month, a number that has been growing with each passing month.

FREE Social Media Cross-Promotion Add On

ALL Advertisers will receive FREE social media cross promotion with the following ad sizes:

1/4 ad

ONE cross-promo per month for the two months of the issue.

1/3 ad

ONE cross-promo per month for the two months of the issue.

1/2 ad

TWO cross-promos per month for the two months of the issue.

Full Page ad

All text **MUST** be converted to outlines/flattened/rasterized prior to submission.

All sales-related, and technical questions should be submitted to: info@extractionmagazine.com. Sales-related questions can also be addressed by calling 805.530.2424

Margin Trime Size: 8.375" x 10.875"

Note: Text placed outside the Safe [Live] Area of any Bleed ad may be cut off. Please keep text inside the Safe Area.

To ensure that your ad looks it's absolute best, all ads submitted for use in one of our print publications (e.g., Extraction Magazine, etc.) **MUST** be submitted in PDF format that conforms with PDF/X-1a: 2001 specifications.

PDF/X-1a is a widely accepted standard for files that are used in books, magazines, & other high-resolution print media. Commonly used professional design tools (e.g., Adobe InDesign, Adobe Illustrator, Adobe Photoshop, Quark Express, etc.) include a PDF Export Preset that supports PDF/X-1a; please ask your graphic designer to use this format when saving your final ad files.

We will pre-flight all ads using Adobe Acrobat Professional to ensure that they meet PDF/X-1a standards and **you will be asked to resubmit your ad if it is not the correct format**. If you ask us to run an ad that is not PDF/X-1a compliant, we will not be responsible for the quality of the printed ad.

All ads should be submitted in CMYK format, 300dpi or higher.
